Work on 2016 City Council Outcomes

Background Information:

Attached are Outcomes that each of the City Council Members have generated for 2016. In addition, each of the proposed outcomes have been linked to a specific goal within the City's Comprehensive Plan.

At this Council Work Session we will:

- 1. Review all of the individual Outcomes brought by each member.
- 2. Through discussion, we will determine if some Outcomes can be consolidated.
- 3. We will review each goal and determine if more detail needs to be added to the Outcome.
- 3. Through discussion, we will determine if the numbers of Outcomes put on the table are reasonably achievable or if the list should be pared down. If it is agreed the list should be pared down, a consensus as to which Outcomes should be dropped will need to be reached.
- 4. After this meeting and prior to the next worksession on December 21st, each council member will score the Outcomes on a sheet provided at the work session.

2016 Council Strategic Outcome Data

Initial Submittal Form

Description of Council Member Outcome	Section in Comp Plan Goal Fits	Goal in Section	Subgoal in Goal	Lead Department/Commission	
Continue to work with and assist interested parties in providing high paying manufacturing that diversify our economic base.	Economic Infrastructure	GOAL 3: BUILD THE CITY'S ECONOMIC SUSTAINABILITY	INCREASE DIVERSITY OF ECONOMIC BASE	GREDA/Community Development Director	Chris
